

De Bestiarum Naturis 079 – the Baltrušaitis

*"We are our own bibliography!" the great art historian said in the lecture hall,
and - though I now know that we are more than books which have been read,
because some thoughts appear to us for other reasons –
I can't help but be grateful to all those strangers
who unknowingly but not unwillingly pushed us to use our brain
like an earnest engine of joy.*

DBN 079 – THE BALTRUŠAITIS

Drawing
Indian ink on paper
cm. 19.5 x 12.2
2002-2021
